What to bring:

- ___ Instrument
- ___ MUSIC!!!
- ___ Money for lunch/snacks. It's going to be a long day!

Performance time slots are ten minutes. However, rooms can run ahead or behind depending on how long judges take to write their comments. Students should arrive at the room of their performance at least 2 events prior to theirs (approximately twenty minutes.) By this time they should be warmed up, tuned, and in possession of their music. A director will meet each student or ensemble at their room with the judge's copy of the music. No student will perform without a director (or accompanist) present. *Please be patient- directors or accompanists are sometimes coming from late rooms!*

Each performance site has seating for a small audience. Friends and family are encouraged to come and watch. We also suggest that students go watch a variety of events- a lot of great music will be performed that day!

NOTE: Students are expected to stay the entire day. If you have a question or concern regarding this, please contact Miss Houck at 928-4496 or lhouck@laca.org
